Formation - Cybersecurity for Managers

CYBRMNG-EN-P | **Présentiel** | **1 jour**

Cybersecurity is nowadays affecting every aspect of business. Most managers, however, are not IT experts and are often left at the mercy of the IT department. The course “Cybersecurity for Managers” aims to fill this gap by making you into a solid sparring partner for the IT department

Niveau

Découverte

Public

Management level

Objectifs

Attendees will be able to implement the following skills:

- What are the essential questions I should ask my IT team ?

Pédagogie & ressources techniques
